Private Sewer Connection to Existing 18-inch public sewer main in Baptist World Center Drive	
~~Notes~~	
* Thirty percent (30%) is due within 90 days from the permit date.	
* Three 90 day extensions are all allowed. Extensions do not affect the permit date or the final payment date.	
* Regardless of utilization of extensions, fifty- five (55%) of the capacity fee is due by the one year anniversary of the permit date.	
* One hundred (100%) is due two (2) years from the permit date.	
* Capacity fees paid are non-refundable with the exception of projects that are not approved by other Metro agencies. Refunds may be requested following current Metro Government Code.	
* All applicable tap fees, service charges, and any remaining capacity fees must be paid at the time of application for physical connection to the public system or final U&O approval.	
* sewer facilities will be at the expense of the developer. This includes any required offsite public infrastructure improvements unless there is a Developer/Metro Participation Agreement approved by MWS and Metro Council and recorded by Metro Clerk.	
* Any capacity installment payments outside allowable schedules will result in a relinquishment of remaining capacity. Request of any capacity above that that has been secured by capacity charge payment will require reapplication, system capacity review, and application fee.	
* Availability of water service is only representative of that for the domestic flow volume(s) requested. Needed volume above that submitted to Metro Water Services, such as fire flows, will require submittal and approval by the Metro Fire Department.
