MORE ABOUT 198 RACCOON RIDGE LANE

Enjoy convenient main-floor living where the primary suite, kitchen, and living area all have access to the outdoor space, decks, and swimming pool. With the same vaulted ceilings as the living room, the primary bedroom feels spacious and open with plenty of windows and natural light. This room has a lofted area that can be turned into an office or extra space. The large suite has a walk-in closet and bathroom with a jetted tub.

The kitchen is the center of the home and offers plenty of space for preparing meals or entertaining guests on granite countertops with rich amenities. There is a gas cooktop range in addition to other stainless appliances and a custom island with great flow to the sunporch, dining room, pantry, and living space. Black-stained custom cabinetry, crafted by a local and well-known cabinet maker, offers details that make this space unique and inviting. MORE ABOUT 198 RACCOON RIDGE LANE

A large deck off the back of the home puts you at eye level with the most gorgeous views and is the perfect morning coffee spot or place to stargaze. Stairs lead down to a rock patio and fenced deck surrounding an above-ground pool. Lighting around the pool area offers just the right ambience for late-night swims. What better way to relax than to float or swim with the surroundings of blue skies, mountain views, and large native trees? A bathroom with tile floors is just off the pool area, allowing guests to change without entering the home.

Additional structures on the property provide space for multi-generational living, guest quarters, storage, a workshop, and a barn, giving you lots of options. The cabin, barn, and shop are close enough for convenience but well laid out to allow a good flow, accessible from the gravel circle drive. A 40' x 60' red iron shop offers concrete floors, three 14' bay doors, electricity, and workbenches. The shop is fully insulated and immaculate—ready for your hobby, storage, or workspace needs. An in-floor safe room provides shelter during storms and is registered with the local Office of Emergency Management.

Nearby is a one-bedroom cabin that provides private space for guests or extended family, or it could be used as a rental. The fully furnished home offers a separate three-piece bathroom with an accessible walk-in shower.

MORE ABOUT 198 RACCOON RIDGE LANE

A barn is ready to house your horses and has a built-in tack room. A storage shed has workbenches and electricity. A pumphouse holds the well pump as well as a built-in sprinkler system that is not currently in operation. A two-bay carport is adjacent to the home and serves as covered parking for your vehicles but also makes a great covered event space when a cookout is imminent. The newly graveled circle drive leaves plenty of space for parking guests. The home, cabin, storage shed, and wellhouse each have new roofs installed in 2025.

The property could easily be a vacation compound with two ready-to-go rentals and the potential to convert additional structures into living or recreation space. Provide guests with a one-of-a-kind hilltop stay with easy access to Mena but with the feel of a private and remote location.
