If the answer to any of the items in Section 2 is yes, explain (attach additional sheets if necessary):

(Driveways) The driveway has visible cracking consistent with normal wear and age.
 (Exterior Walls) The concrete footings show signs of wear consistent with age.
 (Floors) The home is a pier and beam structure. In 2022, foundation work was completed in portions of the home, and a significant amount of subflooring was replaced in the living area, hallway off the living room, second bathroom, and both secondary bedrooms.

 Additional foundation work was completed in the dining room and office in 2026.

 Due to the nature of pier and beam homes and prior foundation repairs, some unevenness and floor irregularities may be present.
 (Foundation/Slabs) The home is a pier and beam structure. Foundation repairs were completed in 2022 in portions of the home, including the living area, hallway, second bathroom, and secondary bedrooms. Additional foundation work was completed in the dining room and office in 2026. As a result of prior foundation movement and repairs, some areas of the home may exhibit unevenness or other conditions typical of pier and beam construction.
 (Sidewalks) The sidewalk shows minor cracking, areas of unevenness related to soil movement/shifting, and patching consistent with prior foundation repairs.
 (Walls/Fences) Some sections of the fencing may require tightening and general maintenance.
 (Other Structural Components) During home inspection completed in 2022, mold was identified in certain areas of the subfloor due to a prior HVAC leak. The affected areas were professionally treated, and any impacted joists and subflooring were removed and replaced at that time.

If the answer to any of the items in Section 3 is yes, explain (attach additional sheets if necessary):

(Previous Foundation Repair) he home is a pier and beam structure. Foundation repairs were completed in 2022 in portions of the home, including the living area, hallway, second bathroom, and secondary bedrooms. As part of this work, a significant amount of subflooring was replaced.

During the 2022 repairs, mold was identified in certain areas of the subfloor due to a prior HVAC leak. The affected areas were professionally treated, and any impacted joists and subflooring were removed and replaced at that time.

Additional foundation work was completed in the dining room and office in 2026 to address areas of settling. The concrete footings show signs of wear consistent with age.

As a result of prior foundation movement and repairs, some areas of the home may exhibit unevenness or other conditions typical of pier and beam construction.

(Settling) Yes. The home has experienced settling. Foundation repairs were completed in 2022 and additional work in 2026 to address areas of movement.

(Soil Movement) The home has experienced foundation movement, and repairs were completed in 2022 and 2026. The specific cause of the movement has not been identified.

*A single blockable main drain may cause a suction entrapment hazard for an individual.

Section 4. Are you (Seller) aware of any item, equipment, or system in or on the Property that is in need of repair, which has not been previously disclosed in this notice? yes no If yes, explain (attach additional sheets if necessary):

(Section 4) The home is currently connected to Fruitvale Water Supply Corporation. There is an existing water well on the property that was previously functional; however, a technician has advised that the pump is not currently operational.

Section 5. Are you (Seller) aware of any of the following conditions?* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)

Y N

- Present flood insurance coverage.
- Previous flooding due to a failure or breach of a reservoir or a controlled or emergency release of water from a reservoir.
- Previous flooding due to a natural flood event.

- Previous water penetration into a structure on the Property due to a natural flood.
- Located wholly partly in a 100-year floodplain (Special Flood Hazard Area-Zone A, V, A99, AE, AO, AH, VE, or AR).
- Located wholly partly in a 500-year floodplain (Moderate Flood Hazard Area-Zone X (shaded)).
- Located wholly partly in a floodway.
- Located wholly partly in a flood pool.
- Located wholly partly in a reservoir.

If the answer to any of the above is yes, explain (attach additional sheets as necessary):

(100-year Floodplain) A portion of the rear of the property is located within a designated floodplain.
 (500-year Floodplain) A portion of the rear of the property is located within a designated floodplain.
 (Floodway) A portion of the rear of the property is located within a designated floodplain.

***If Buyer is concerned about these matters, Buyer may consult Information About Flood Hazards (TXR 1414).**

For purposes of this notice:

"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.

"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.

"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program (NFIP)?* yes no If yes, explain (attach additional sheets as necessary):

*Homes in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance. Even when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the structure(s).

Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property? yes no If yes, explain (attach additional sheets as necessary):

Section 8. Are you (Seller) aware of any of the following? (Mark Yes (Y) if you are aware. Mark No (N) if you are not aware.)

Y N

Any optional user fees for common facilities charged? yes no If yes, describe:

- Any notices of violations of deed restrictions or governmental ordinances affecting the condition or use of the Property
- Any lawsuits or other legal proceedings directly or indirectly affecting the Property. (Includes, but is not limited to: divorce, foreclosure, heirship, bankruptcy, and taxes.)
- Any death on the Property except for those deaths caused by: natural causes, suicide, or accident unrelated to the condition of the Property.
- Any condition on the Property which materially affects the health or safety of an individual.
- Any repairs or treatments, other than routine maintenance, made to the Property to remediate environmental hazards such as asbestos, radon, lead-based paint, urea-formaldehyde, or mold.
If yes, attach any certificates or other documentation identifying the extent of the remediation (for example, certificate of mold remediation or other remediation).
- Any rainwater harvesting system located on the Property that is larger than 500 gallons and that uses a public water supply as an auxiliary water source.
- The Property is located in a propane gas system service area owned by a propane distribution system retailer.
- Any portion of the Property that is located in a groundwater conservation district or a subsidence district.

If the answer to any of the items in Section 8 is yes, explain (attach additional sheets if necessary):

(Environmental Hazards) Mold was identified in certain areas of the subfloor during home inspection in 2022, caused by a prior HVAC leak. The affected areas were professionally treated and remediated, and any impacted materials, including joists and subflooring, were removed and replaced at that time.

Section 9. Within the last 4 years, have you (Seller) received any written inspection reports from persons who regularly provide inspections and who are either licensed as inspectors or otherwise permitted by law to perform inspections? yes no If yes, attach copies and complete the following:

Inspection Date	Type	Name of Inspector	No. of Pages

Section 12. Have you (Seller) ever received proceeds for a claim for damage to the Property (for example, an insurance claim or a settlement or award in a legal proceeding) and not used the proceeds to make the repairs for which the claim was made? yes no If yes, explain:

Section 13. Does the Property have working smoke detectors installed in accordance with the smoke detector requirements of Chapter 766 of the Health and Safety Code?* unknown no yes. If no or unknown, explain. (Attach additional sheets if necessary):

Smoke detectors are present in home

**Chapter 766 of the Health and Safety Code requires one-family or two-family dwellings to have working smoke detectors installed in accordance with the requirements of the building code in effect in the area in which the dwelling is located, including performance, location, and power source requirements. If you do not know the building code requirements in effect in your area, you may check unknown above or contact your local building official for more information.*

A buyer may require a seller to install smoke detectors for the hearing impaired if: (1) the buyer or a member of the buyer's family who will reside in the dwelling is hearing-impaired; (2) the buyer gives the seller written evidence of the hearing impairment from a licensed physician; and (3) within 10 days after the effective date, the buyer makes a written request for the seller to install smoke detectors for the hearing-impaired and specifies the locations for installation. The parties may agree who will bear the cost of installing the smoke detectors and which brand of smoke detectors to install.
