Future Land Use	A (1 Home per 10 Acres)
County	Hillsborough
STR	29-32-21

A Truly Private Horse-Lover's Dream!

TUCKED AWAY IN A QUIET AND SECLUDED SETTING IN HILLSBOROUGH COUNTY, this impressive equestrian property offers a rare combination of privacy, functionality, and established horse facilities.

At the heart of the property is a concrete block, 20-stall center-aisle horse barn beautifully positioned beneath mature oak trees. Designed with both horses and daily operations in mind, the barn features exterior gates from each stall, large circulation fans, automatic waterers, wood stall flooring, four wash racks, an office, and a tack room.

The property is further improved with nine paddocks and a clay riding arena, providing an excellent setup for training, boarding, breeding, recreational riding, or a private equestrian operation. The land is high and dry, adding to the property's usability and appeal.

Also located on the property is a 2010 manufactured home containing approximately 1,620 square feet, ideal for use as a primary residence, caretaker's residence, or additional on-site housing.

With substantial equestrian infrastructure already in place, a secluded setting, and convenient access to the greater Hillsborough County area, this property represents a truly unique opportunity for the serious horse enthusiast.

20431 Keene Rd, Wimauma, FL 33598
